
Christy Six

Hi I am Christy Six. I grew up on a farm raising and showing Herefords and having Irish Setters, so my love for animals has been my whole life, which has been passed on to my eight-year-old son, Aiden. I have owned Cane Corsos since 2007. I am a very small hobby breeder who shows her own dogs. I attended the University of Akron, obtaining a major in biology with a minor in animal physiology. I have been active in multiple venues with my dogs and have assisted and helped numerous clubs.

For the CCAA, I have served as a regional vice president for the Midwest. I have also served On both the Events and EOC committee. Being a member of the club since 2015, I have watched, with interest, the club grow and move into the 20th century. That being said, I would like to run for Director #8, Newsletter, because I believe my talents would further the agenda of moving the club forward. My goal would be to increase the committee with talented folks within the club. I believe anyone who wants to participate should be allowed and would encourage this. Secondly, I would like to add more click boxes to the digital newsletter. My goal is to have a club YouTube page that would have video articles that interacted with the newsletter. The goal would be monetization to benefit by giving education while making a few dollars. Our newsletter should be about education and in a digital world that happens online. I will embrace the technology to benefit the breed and our members. A few years ago, as a club, we went from a mailed newsletter to a digital one. Now it time for us to move to the next phase and embrace a multimedia newsletter. This will include all the same brags and fun pictures but will educate for the breed's sake.
